

SAMARITAN'S FEET SOUTH AFRICA

Who we are

Samaritan's Feet is a South African NPO that forms part of an international humanitarian organisation. Our core focus is serving impoverished children who don't have shoes. Our approach is one of not merely giving shoes, but of giving hope. Because what these children hunger for more than anything else, is hope. Hope in knowing that they matter, that their dreams are important and that their future have great worth.

Giving shoes. Giving hope.
#STEPBYSTEP

Why Shoes?

In South Africa, many people are infected with foot-borne diseases – from contaminated soil, wounds, insect bites and infections. These diseases can be prevented with shoes, but millions of children do not own even a single pair. When donating shoes to kids, we focus on connection. Positive connection, both physical and emotional, makes an enormous impact on their lives. We spend time with them, washing and caring for their feet. We connect with their hearts, encouraging their hopes and dreams, and reminding them that their lives matter.
